Docket No. 98N-1265

Food and Drug Administration

Rockville, MD. 20857

P233

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have used compounded medication for 2 years and it has been essential for the treatment of my Peri + Postmenopausal symptoms. If I could not order my medications from the Madison Women's Health America group I would be in dire straits + not able to function productively as I do now. My symptoms of fatigue, poor concentration + depression have been alleviated by my individually compounded medication which I can not get in my local community pharmacy.
